

COTTON MEASURE
PASSES HOUSERule Limits Debate to Four Hours
and Bars Amendments.

MINORITY ENTERS PROTEST

Progressive and Regular Republicans Join in Denouncing the Demands for "Gag Rule" Methods—Mr. Underwood Declares Republican Leaders Had Sanctioned the Rule Before It Was Brought In.

Washington, Aug. 22.—After a perfunctory debate of four hours the house concurred, 180 to 107, in the senate amendments to the Underwood cotton tariff revision bill and sent that measure to President Taft.

The bill cut the cotton tariff on an average of 21 per cent ad valorem and more schedules, tacked on by the senate, reducing duties on iron and steel, cotton machinery and chemicals and providing reciprocal free admission of bituminous coal across the Canadian border.

The vote was along strict party lines except that eight Republican progressives joined the Democrats. Most of the progressives who have been voting with the majority of tariff measures stood with the regulars, as setting that the senate amendments had not been considered by a committee of either house.

The amended bill was considered under a rule limiting debate to four hours and barring amendments. This rule, reported after unanimous consent had been refused for a resolution to the same effect, was the target for forensic broadsides from Republicans, progressives and regulars.

Accused of Using Gag Rule.

The Democrats were accused of returning to "gag rule," which they vigorously denounced when in the minority. Democratic Leader Underwood replied to these attacks by declaring that he had made the arrangement after a conference with Republican Leader Mann and Representative Payne, ranking Republican member of the ways and means committee, who had said that it would be entirely satisfactory.

The debate was not confined to the cotton bill or its amendments. The tariff generally and various other things were touched upon. Messrs. Underwood and Payne closed the discussion.

Mr. Underwood said the amended bill was not just what the majority wanted, but it was the best that could be secured under the circumstances. He said it was absurd to ask that representatives of the people "wait on the clerks and hirelings of the president (the tariff board) before enacting tariff legislation."

The Republican progressives voting for the bill were: Davis, Lindbergh, Volstead and Steiensen of Minnesota; Hanna and Helgeson of North Dakota; Norris of Nebraska and LaFerty of Oregon.

MEN TAKING STRIKE VOTE

Illinois Central Shop Employees May Cease Work.

Paduach, Ky., Aug. 22.—Two-thirds of the members of the Federation of Railway Employees of the Illinois Central and allied systems have voted to date on the proposition to strike, according to an officer of the federation, who declared here that the vote stands in favor of the strike. This vote follows the refusal of the railroad to treat with the federation's representatives on the contention that they are concerned only with the separate contracts with individual unions.

Friday of this week is the date set for the announcement of the result of the voting, which, it is said, is being participated in by the 13,000 members of the federation.

TRAGEDY DUE TO JEALOUSY

Husband Kills Wife and Fatally Wounds Himself.

Des Moines, Aug. 22.—Dallas Clements, aged twenty-six, shot and almost instantly killed his wife, Mrs. Mary Clements, in a local luncheon room and then turned the pistol upon himself. He was taken to a hospital and his wound is expected to prove fatal.

Mrs. Clements was seated at a table in the luncheon room, which was crowded, when her husband entered and without warning fired at her.

She fell back as the bullet struck her in the head and was dead before aid could reach her.

Clements surveyed the scene a moment and then placed the pistol to his own head and fired twice.

Jealousy is believed to have been the cause of the tragedy.

RETURN M'NAMARA CAPTOR

Los Angeles Detective Must Face Trial in Indianapolis.

Sacramento, Cal., Aug. 22.—Governor Johnson honored a requisition from the governor of Indiana for the return to Indianapolis of James Hostok, a detective of Los Angeles, for trial on the charge of having kidnapped from Indianapolis John J. McNameara, now held in Los Angeles in connection with the destruction of the Times newspaper plant last October.

BOARD OF TRADE
CONTINUES BUSYEndeavoring to Settle Balance
of British Strike.

INDICATIONS ARE FAVORABLE

Employees on One Railway Line Are Still Out and Short Sea Traders Continue Idle—Some Dissatisfaction Exists Among Those Who Have Gone Back to Work at Not Receiving Their Old Positions.

London, Aug. 22.—The strife in the industrial world of the United Kingdom gradually is abating. With a truce in effect on all the railway lines, except the London and Northern, the board of trade was occupied in an endeavor to reach an amicable arrangement between the employees of this line and the managers and also in trying to settle the strike of the short sea traders. It was announced that both these controversies are now in line for early adjustment.

There is still much friction on some of the railroads over the impatience of strikers returning to work to be accorded full reinstatement to their old positions, which in some cases have been given to men who remained loyal to the companies when the walkout was declared.

As a result there were several instances of disorder in various parts of the kingdom and decisions by small bodies of men to remain on strike. Work on the London docks was in full swing for the first time in three weeks, but it will be some time before the congestion of the port due to the dock and transfer men's strike is relieved.

King George telegraphed his congratulations to Premier Asquith, David Lloyd George, chancellor of the exchequer, and Sydney Buxton, president of the board of trade, on the settlement of the railway strike. The king's message to Mr. Lloyd George said:

"I am very glad to hear that it was largely due to your energy and skill that the settlement was brought about. I heartily congratulate you and feel that the whole country will be most grateful to you for averting a most disastrous calamity. It has caused me the greatest possible anxiety."

LIVERPOOL STRIKE SETTLED

Dockmen Return to Their Work Following Conference.

Liverpool, Aug. 22.—The local dock troubles were settled at conference between the shipowners and representatives of the striking dockmen at the Cunard line offices. The carters and coalheavers will return to work with the dockmen. More than fifty vessels are in the harbor, many of which have been here with their cargoes aboard for ten days. All now will be unloaded. The transatlantic liners will leave port as fast as they can be loaded and provisioned.

A hitch over the men returning to work occurred when the dockers refused to resume their duties until the tramway and electric light employees are reinstated.

This new phase of the trouble, however, is considered only temporary and the dockers are expected shortly to return to work.

PEACE TREATIES GO OVER

Senate Takes No Action on Arbitration Agreements.

Washington, Aug. 22.—The treaties of arbitration with Great Britain and France were defended in minority reports filed in the senate in executive session by Senators Cullum, Root and Burton of the senate committee on foreign relations.

Mr. Burton contended that the agreements require no amendment, because, as he declared, the prerogatives of the senate are sufficiently safeguarded.

When the reports were presented to the senate the question of the discussion of the treaties in public by senators was raised. There was general agreement that public policy would not be violated by such a course, inasmuch as the ban of secrecy had been removed from the documents.

No action on the conventions was taken and they go over for further consideration at the regular session.

Deportation Stirs Cuba.

Havana, Aug. 22.—The deportation to Spain Sunday night of Jose Maria Villaverde, managing editor of the Conservative organ, Cuba, and his nephew, Manuel Villaverde, a member of the editorial staff of the Cuba, has created intense excitement throughout the island and everywhere is the universal topic of discussion.

Kills Rats and Sparrows.

During the last six months the Harlow Sparrow and Rat club of Essex, England, has destroyed 13,510 rats and 10,132 sparrows.

CAPTAIN P. C. HAINS.

Jurors Who Convicted Him
Ask Governor Dix for Pardon.

ASK CLEMENCY FOR HAINS

Jurymen Who Convicted Army Man
Petition Governor Dix.

New York, Aug. 22.—The jurors who convicted Captain Peter C. Hains, U. S. A., of the murder of William E. Annis, three years ago this month, it was learned, have sent a petition to Governor Dix asking the pardon of Hains, who is now serving a sentence of from eight to sixteen years in Sing Sing.

The petition recalls that the jury at the time of the trial recommended clemency by the court, realizing that the provocation of Hains was great and that the members now believe that he has been punished enough.

ONLY THREE KILLED
IN SEVERE STORMProperty Damage in North Dakota
Is Very Heavy.

Grand Forks, N. D., Aug. 22.—One dead at Sherwood, one dead at Souris and one at McCluskey, coupled with the serious injury of twelve persons and the minor injury of eighteen more, constitute the toll taken by a series of tornadoes that invaded Northern Bottineau and Northern Renville counties Sunday.

One tornado started at Sherwood, passed in a westerly direction, skirting the international boundary line almost the entire distance and at some points lapping over into Canada. The other occurred at McCluskey. The dead are: John Patterson, Jr., aged sixteen, Souris; Margaret Carlson, aged three, daughter of Elmer Carlson, Sherwood; Olaf Lee, farmer, McCluskey.

The property loss is exceptionally heavy, scores of barns and residences throughout the affected district being demolished and in many instances being carried hundreds of feet from their former sites, only to be dashed to the ground and smashed into kindling wood.

The main storm seems to have started near Sherwood, sweeping eastward toward Antler, Westhope and Souris and thence into the Turtle mountains, where it spent the remainder of its force without damage.

The territory covered is over fifty miles in length and the width varies from two to five miles.

ROOSEVELT OUT OF RACE

Positively Declines to Become Presidential Candidate.

Pittsburg, Aug. 22.—Former President Theodore Roosevelt in a letter to Alexander P. Moore, editor of the Pittsburg Leader, says:

"I must ask not only that you but every friend I have to see to it that no movement is made to bring me forward for the nomination in 1912. I should esteem it a genuine calamity if such a movement was undertaken." The Leader has been advocating the nomination of Mr. Roosevelt for president in 1912.

CARROLL SAYS EDITOR LIES

Iowa Governor Makes Bitter Answer to Charges.

Des Moines, Aug. 22.—Terminating a mass of lies Governor Carroll came back with a bitter answer to the charges which have been made and reiterated in the last several months by Editor Dave Brant of the Iowa City Republican. The governor declared that Editor Brant's latest attack, which was made Saturday in an editorial, contains scarcely a word of truth.

In the article of last Saturday Mr. Brant charges that Leonard W. Haley, who has been making charges against Warden J. C. Sanders and who is a prisoner in the penitentiary at Fort Madison, has been kept in solitary confinement for weeks.

Ends Life With Shotgun.

New Ulm, Minn., Aug. 22.—William Struebing, about forty years old, committed suicide at Courtland by discharging a shotgun against his chest. The entire charge entered his body above the heart and death was instantaneous. No reason is ascribed for his rash act.

MANY GUESSING
ON ADJOURNMENTEven Chairman Underwood Could
Not Tell the Date.

SENATE WAS REAL PROBLEM.

No One Knows What That Body Is Likely to Do—Extra Session Continued Solely For Political Effect, as Democrats and Insurgents Had Program They Wanted to Carry Out.

By ARTHUR W. DUNN.

Washington, Aug. 22.—[Special.]—Guessing about the probable date of adjournment of the extra session of congress has been a real game for a week and has filled the minds of most people in Washington to the exclusion of most of the business of the session. Even Chairman Underwood could not give a very accurate estimate of the date, although it is supposed that the house leader generally knows.

As usual, the senate was the uncertain quantity, for few persons can tell what the senate will do. Sometimes a senator promises to talk for weeks before he will permit an adjournment, and the next day the senate adjourns while he is in his committee room.

Nothing but Political Capital.

No one could maintain that the continuance of the session of congress was for anything but political purposes. In fact, it has been known for months that when the reciprocity bill was through the work of the extra session was completed. President Taft let it be known that he was not anxious for other legislation, and vetoes of the tariff bills were predicted with confidence by those close to the administration.

Of course the Democrats did not intend to stop with the reciprocity bill, and in sending different tariff bills to Mr. Taft they were carrying out their program. In trying to keep the session going in order to send other tariff bills to Taft the insurgent Republicans were carrying out their program.

Three Corned Fight.

The session presents a three cornered political fight. President Taft and the Republicans who have been standing by him have been making capital out of their position on the reciprocity bill; the Democrats have been making political capital out of supporting tariff reductions; the insurgents have been making political capital in helping the Democrats pass the tariff bills—that is, all think they have been playing good politics, aside from the real patriotism they may have as a covering for the political game.

Moss in the Limeslight.

Congressman Moss of Indiana is one of the few men to make a hit during the early part of his second term. It fell to his lot to be made chairman of the important committee on expenditures in the agricultural department. Although every one of the nine "expenditures" committees became active during the extra session, it was the one on agriculture that happened to get the plums.

No better subjects for advertising purposes than Dr. Wiley and pure food could have been obtained, and as the committee progressed it was shown that Congressman Moss knew his business and could manage an investigation. It was supposed at the beginning of the investigations that the postoffice and interior departments would furnish sensations, but they have been far overshadowed by the Wiley inquiry.

Price of Indian Lands.

There was a question in the house about the price of lands, or rather, the price paid to the Indians, which Fitzgerald of New York thought was too low.

"Can the gentleman tell us what the Indians received for Manhattan Island?" asked Burke of South Dakota, who has many Indians in his state.

Fitzgerald was stumped and for a time he was greeted with jeering laughter. Then he replied that he was not there at the time. "If you know you may tell us," he said. Burke said the Indians received \$24.

"They were overpaid," responded Fitzgerald. But it must be remembered that Fitzgerald is from Brooklyn.

Scramble to Save Lemons.

It was amusing to see the haste which the California men made to save the duty on lemons. By executing a flank movement Chairman Underwood had lemons included in the free list bill. Then the men from California and in California "got a move on," so to speak, and had the wires busy telling what a great injury free lemons would be to growers.

When the last tariff bill was passed Senator Flint became a member of the finance committee for the express purpose of boosting the duty on lemons. The increase was bitterly fought by Senator Root, and he would have succeeded if Senator Aldrich had not enlisted southern recruits to support the high lemon duty.

The whole affair would be more amusing now if there was a probability of the free list bill becoming a law. Another feature of the lemon duty is that the railroads added the increased duty to their freight rates and the growers received no real benefit. At the same time they do not want lemons placed on the free list and are making frantic efforts to prevent such an outcome.

Sealing Wax.
Sealing wax was first impressed upon a letter that was sent from London to Germany in 1554.

LORD CAMOYS.

Will Wed Miss Mildred
Sherman During Winter.

Photo by American Press Association.

CAMOYS TO WED AMERICAN

Titled Englishman Engaged to Miss Mildred Sherman.

Newport R. I., Aug. 22.—It is reported that Lord Camoys of England and Miss Mildred Sherman, daughter of Mr. and Mrs. William Wall Sherman, will be married in New York early in the coming winter. Lord Camoys is expected to arrive in this city from England the latter part of this month.

SPECIAL SESSION
OF CONGRESS ENDSBoth Houses Agree Upon Hour
of Adjournment.

Washington, Aug. 22.—The extra session of congress passed into history at 3 o'clock p. m. The Democratic caucus of the house at a meeting agreed to the Penrose resolution, which passed the senate, prescribing that hour as the date of final adjournment. This action, carried out through a resolution passed by the house, put into effect an understanding reached between party leaders in both houses. The resolution, which carried unanimously in the house, directed the appointment of three members of the house to join with three members of the senate to notify the president that congress was ready to adjourn.

Congress easily could have adjourned Monday, but the adjournment understanding was designed especially to accord to the president the courtesy of an opportunity to present his veto of the cotton bill before the curtain was rung down on a session replete with tariff revision activities.

PRINCE MAY VISIT ST. PAUL

Member of Danish Royal Family on Tour.

Copenhagen, Aug. 22.—America will have the pleasure of entertaining a real prince this autumn in the person of the Crown Prince of Denmark. He will sail for the Danish West Indies in September on board a Danish man-of-war. After a stay of two or three weeks in the West Indies he will go to Annapolis and visit the president at Washington and touch at New York, where there is a large Danish born population. From New York he will proceed to Canada, where he will be entertained by the new governor general, the Duke of Connaught, and by the duchess at Ottawa.

It is possible he will go as far West as St. Paul, where there are many Danes.

SEVENTY NEW POSTAL BANKS

Northwestern Cities Included in List Designated.

Washington, Aug. 22.—Seventy first-class postoffices were designated by Postmaster Hitchcock as postal savings banks, making thus far ninety first class offices thus named.

Among those designated which will begin operations Sept. 23 are: Mandato, Minn.; Grand Forks, N. D.; Aberdeen, S. D.; Appleton, Eau Claire and Janesville, Wis.

TO CONSIDER OPEN CAUCUSES

Democrats Appoint Committee to Look Into Proposition.

Washington, Aug. 22.—The Democratic members of the house, in caucus, discussed the plan of Democratic Leader Underwood to open to the press the party caucuses of the future. The result was the appointment of a committee composed of Representatives Underwood, James of Kentucky, Palmer of Pennsylvania, Handy of Texas and Speaker Clark, who will report to a Democratic caucus early in the coming regular session.

Dublin Riots Are Renewed.

Dublin, Aug. 22.—Riots growing out of the strike of newboys were renewed. The contents of several newspaper wagons were burned and there was some stone throwing. The police were compelled to make baton charges.

WILEY INQUIRY
IS COMPLETED

PANIC ON BLAZING STEAMER.

Lives of More Than 250 Women and
Children Endangered.

Hammond, Ind., Aug. 22.—More than 250 women and children excursionists were thrown into a panic and their lives endangered when the Tourist, a new passenger boat on the Calumet river, was burned to the water's edge while running from Hammond to Riverdale, Ind. The boat was beached to save its passengers.

Fire broke out in the hold of the boat near the engine rooms while the craft was in midstream. Flames pouring out of the portholes precipitated the panic among the passengers, who deserted cabins and the lower portions of the boat and gathered on the upper deck.

Heat had blistered the upper deck before the captain ordered the pilot to beach the boat. Many of the passengers jumped overboard into shallow water and waded ashore. A number were cut and bruised.

TOLD TO SHOOT TO KILL

Orders Given Milwaukee Deputy Sheriff When Attacked.

Milwaukee, Aug. 22.—"Shoot, and shoot to kill." This is the policy that in future will be adopted by every deputy in the sheriff's office when they are in any manner threatened by the tough gangs that infest and terrorize the parks and roadhouses outside the city limits.

The determination to take this drastic action comes as a result of the attack Sunday upon Deputy Sheriff Walter Ramstack, who, after he had been knocked to the ground, beaten, kicked and bitten, drew a revolver, shot one assailant and wounded himself in his foot.

SAYS PACT IS ANNEXATION

Ontario Prime Minister's Prophecy Regarding Reciprocity.

Morrisburg, Ont., Aug. 22.—Sir James Whitney, prime minister of Ontario, has decided to take the stump against the reciprocity agreement and opened his attack at his home town of Morrisburg. Sir James assured his audience that if they did not elect Andrew Broder, the chief conservative whip in the Dominion house, the Stars and Stripes would soon replace the Union Jack in Canada.

Secretary Wilson Proves an In-
teresting Witness.

COMPLAINS OF BEING WEARY

Head of Agricultural Department Declares He Would Rather Resign Than Go Through Another Bureau Row—Believes Dr. Wiley Oversensitive and Makes Charges of Double Dealing Against Dr. Rusby.

Washington, Aug. 22.—The congressional investigation into the attempt to oust Dr. H. W. Wiley from his position as head of the bureau of chemistry in the department of agriculture was closed with the testimony of Secretary Wilson. The committee will hold an executive meeting to consider its report.

Many times in his testimony Secretary Wilson condemned Dr. Wiley's demeanor, charging that he was oversensitive because his findings on pure food and drugs were not accepted as final, but were sometimes referred to the referee board, of which Dr. Ira Remsen is chairman.

He spoke a good word for Dr. Wiley's humor. As he was leaving the stand Secretary Wilson declared he would prefer to resign his job to going through another "bureau row."

The witness was not cross-examined by counsel for Dr. Wiley because of the relative positions of the two principals.

Secretary Wilson said he became suspicious of the employment of Dr. H. H. Rusby of New York, the drug expert and storm center of the investigation, when he was shown a letter reporting to have been written by Dr. Keblor of the bureau of chemistry telling Dr. Rusby that it would be all the same whether he worked one day or many. The employment had been approved by the secretary, but he said he did not examine into the details of the contract, leaving that to Dr. Wiley.

The secretary said he was now investigating a report that Dr. Rusby had accepted fees from drug importers for opinions regarding samples of drugs they were considering importing and then passed on the drugs later as the representative of the government. He said an inspector had reported he had discovered one such alleged instance.

In testifying about the employment of experts he said that in the cocaine case Dr. Wiley had agreed to give an expert \$1,000 for appearing in the matter and later the expert wanted \$100 for expenses.

"I paid the expenses because he had agreed to do so and I issued an order that thereafter Dr. Wiley might select the experts, but Solicitor McCabe was to fix the rate of compensation," said the secretary.

The witness said Dr. Wiley "seemingly wants to put me in a hole about the corn syrup case."

It was in this case that Dr. Wiley had told the committee about the three cabinet officers charged with supervisory duties over pure food and drug questions changing a decision of the pure food and drugs board relative to a substance being "glucose" or "corn syrup," after the decision had gone to print.

WELL KNOWN RACER KILLED

Ralph H. Ireland Crushed Under Overturned Car.

Elgin, Ill., Aug. 22.—Ralph H. Ireland, well known driver of racing automobiles, was killed and his mechanic, Frank O'Brien, was seriously injured on the Elgin road race course.

The accident occurred during official practice for the automobile races next Friday and Saturday. Ireland was pounding over the road at a seventy-five-mile-an-hour clip when, near McQueen's turn, a tire burst and the machine turned turtle.

Ireland and O'Brien were taken from beneath the wreckage of their car by other drivers and removed to a hospital. Ireland did not regain consciousness and died three hours after the smashup. Physicians say O'Brien will recover.

Three Messages to Congress.

Washington, Aug. 22.—President Taft sent three short messages to congress, one urging a further appropriation to complete the work of raising the wreck of the battleship Maine, a second asking congress to determine whether the wrecks of the Spanish vessels sunk by the American navy shall be given away and the third transmitting reports of engineers of surveys on the Great Lakes.

SWAT THE SAND BURR

Brainerd Citizen Wants to Start Crusade Against This Nuisance, Offering Prizes for Destruction

Editor Dispatch:—The Minneapolis Tribune fly crusade has started with a vengeance.

New let Brainerd start a similar battle on sand burrs. If the citizens would unite efforts in this direction we could accomplish a great deal with small individual cost.

We would suggest: A children campaign, each youngster to be paid say 2 1/2 cents per quart delivered to a committee appointed by some lodge or if necessary at a meeting of citizens.

To add interest in this nuisance destruction prizes, 1st, 2nd and 3rd could be offered. Brainerd boosters opinions asked.

Respectfully,
I. WILL DONATE.

LADY MAUD C, 2:00 1-2.

SLIPP-GRUENHAGEN GET CONTRACT

At 7:30 Meeting Last Night the Council Awarded the Sewer Job to Brainerd Firm

PLUMBERS BLUFF COUNCIL

Fire Team Drivers May Get Salary Boost of \$5—Trades & Labor Assembly Invitation

The council last night first held its adjourned meeting at 7:30 and there were present to answer to roll call Aldermen Dieckhaus, Henning, Olson, Anderson, Elder, Webb and Lagerquist and President Rowley.

This half hour before the regular meeting commenced was devoted to discussing and letting the sewer contract in Northeast Brainerd, covering the installation of lateral sewer A1, A2 and A3. There were two bidders, the Slipp-Gruenhagen Co. of Brainerd, and the Pastoret-Lawrence Co. of Duluth.

After some discussion among the Aldermen and City Engineer Glass about the engineer's low estimate for such work, the contract, on an eye and nay vote, was unanimously awarded the local firm. The council then adjourned.

The regular meeting was held at eight o'clock and those present were joined by Alderman Purdy. They were now all present except Alderman Fogelstrom who was said to be out of town.

After the reading of the minutes Pres. Rowley gave the floor to Werner Hemstead who referred to the proposed ordinance which desires to establish the liquor license year as commencing on July first. In behalf of the Brainerd Brewing Co. Dr. Hemstead wished the council to refer the matter to some committee so all interested in the matter could talk it over and later in the evening his ordinance was referred back to the health, sewerage and police committee consisting of Messrs. Fogelstrom, Dieckhaus and Elder.

On recommendation of City Attorney Glass the council adopted a resolution authorizing payment to the Pastoret-Lawrence Co. for the construction of certain sewers in district No. 5. Some question was raised about three manholes, which by verbal contract had been changed from brick to concrete. This was satisfactorily explained.

City Engineer Glass reported no back taxes against block 19 in Farrar & Forsythe's addition and all voted yes later on a resolution establishing lateral No. 4 in sewer district No. 5 in such addition.

The committee, Messrs. Webb, Olson and Lagerquist recommended favorable action on the communication from the water and light board regarding the payment for 15 hydrants and the report was accepted and its recommendations ordered carried out. The question of raising wages of other city employees was discussed and it was left to the fire committee, Messrs. Webb, Lagerquist and Olson to see if the fire team drivers proffered two Sundays off a month or an increase of \$5 per month.

The city clerk reported receiving bids on the construction of the tower at the hose house in Northeast Brainerd. They ranged all the way from \$150 to \$215 and several others had asked for further time to submit bids. President Rowley mentioned that Alderman Fogelstrom had asked him to tell the council that J. S. Gardner had a windmill tower which he would sell the council very cheaply and which would conform to all the requirements of a bell tower. On motion the matter was referred to the fire committee to report at the next meeting.

Alderman Elder referred to the brilliancy of our street lights when they are on duty. He said a farmer drove to town the other evening the first time since they have been installed and coming along Oak street where the lights appear bunched in the distance he turned out near the sidewalk and waited a quarter of an hour for them to pass him as he supposed it to be a big automobile in the distance bearing down on him and liable to scare his horses. Alder-

man Elder amended his story later and said the farmer may have been driving from Brainerd when he saw the lights.

Alderman Elder brought up the matter of the railway installation of lights and gates at crossings. He said he had heard that carrying out all the demands of the council would work a hardship on the railway. They were willing, he had heard, to put in watchmen at some of the crossings but balked at the gate proposition. They did not seem to have so much objection to putting in the lights. The council desires lights at Oak, Kindred, 8th, 6th, 4th, Quince and 13th streets. Supt. K. M. Nicoles had asked that a committee be appointed so that he could confer with its members about the matter and on motion it was left to the street committee to deal with Mr. Nicoles.

The liquor license transfer of C. P. McLean to George Thielen and Arthur Bourassa was favorably voted on by all present except Alderman Olson.

A pool and billiard license was granted D. Brady, in the Ransford block.

The plumbers license ordinance was taken up and it appears that so far as the plumbers are concerned it is a dead letter with those gentlemen. No one has taken out a license and sewers are being dug and connections made just the same as ever. It was the consensus of opinion that the ordinance should be enforced and if it was unconstitutional it should be wiped from the books.

The city engineer was instructed to issue no more permits unless the plumber showed his license. No more contracts were to be awarded sewer bidders unless they had a license.

A. A. Weidemann of the Trades & Labor assembly was present and he presented an invitation to the council from that body to take part in the Labor Day parade. The invitation also included the police force. The council, on motion, accepted the invitation and thanked the assembly for the honor.

Alderman Anderson spoke of a culvert in bad shape on the end of Third avenue and Street Commissioner Barron, who was present said he would repair it.

Mr. Barron was given permission to use the hose cart of Northeast Brainerd for sprinkling down his street work.

City Engineer Glass was allowed several days off during winter months when not interfering with other business.

The electric light and street committee will meet Friday evening to decide on where to place the additional 30 arc lights.

75 LADS AT WORK

First Road Improvement Day of Crow Wing County Automobile Association a Great Success

75 lads appeared at the Brainerd Auto Co. garage this morning to assist the Crow Wing Co. automobile association in its work of improving the road between Brainerd and Mille Lacs. It promises to be a great success.

Twelve auto owners made numerous trips taking out the boys to the scene of their labors and bushels of stone and carloads of brush are being removed from where they block the highway.

It is feared that the lurches will not hold out as the "kids" as well as the auto men are developing enormous appetites. More will be written up when the day is over and it will make a great story.

Attack Like Tigers

In fighting to keep the blood pure the white corpuscles attack disease germs like tigers. But often germs multiply so fast the little fighters are overcome. Then see pimples, boils, eczema, salt rheum and sores multiply and strength and appetite fall. This condition demands Electric Bitters to regulate stomach, liver and kidneys and to expel poisons from the blood. "They are the best blood purifier," writes C. T. Budahn, of Tracy, Cal. "I have ever found." They make rich, red blood, strong nerves and build up your health. Try them. 50c at all druggists. tfs

"HELLO BILLS" TO CELEBRATE

Brainerd Elks Will Celebrate Their Eleventh Anniversary Wednesday, August 23

FINE PROGRAM PREPARED

Baseball Game With St. Cloud Elks—Banquet and Social Session in Evening

Brainerd lodge No. 615, of the B. P. O. E. will celebrate its eleventh anniversary on Wednesday, August 23 at Elks hall and Elks have been invited and are expected to be present from St. Paul, Minneapolis, Crookston, Fargo, Duluth, Superior, Bemidji, St. Cloud, Little Falls and other cities.

The program commences at three o'clock with a ball game at the Koering grounds between the Brainerd Elks team and the St. Cloud Elks nine. No admission fee will be charged. Ambulances and police will be on hand to take care of the wounded. Brainerd figures on winning this in the eleventh hour.

At eight o'clock in the evening there will be a banquet in Elks hall to which all Elks are cordially invited. At nine o'clock there will be a special social session at which the following program will be given with Senator Charles D. Johnson acting as toastmaster.

Address of welcome.

Exalted Ruler C. A. Albright

Music—Orchestra

Three round contest between two local featherweights.

The officers of Brainerd Lodge, No. 615, are as follows:

Exalted Ruler—C. A. Albright.

Est. Leading Knight—J. F. Casey.

Est. Loyal Knight—F. L. Sanborn.

Est. Lecturing Knight—Clyde Parker.

Secretary—Chas. H. Rattinger.

Treasurer—H. E. Ousdahl.

Esquire—J. J. Nolan.

Tyler—Fred S. Parker.

Chaplain—J. T. Sanborn.

Inner Guard—Fred Allison.

Organist—Walter Frampton.

Trustee—Milton McFadden.

Trustee—W. H. Cleary.

Trustee—Chas. D. Johnson.

Little Falls Notes of the Games

The Brainerd ball players are a gentlemanly lot of men and it is a pleasure to watch them play the national game. They play clean ball and there are no attempts on their part to pull off stunts foreign to the diamond while they are in action. They will be welcomed in Little Falls at any time.

The crowd from Brainerd numbered fully 500 and in the main it was an orderly one. In a crowd of people of that number there are usually a few who become a little hilarious and this was the case Sunday yet they were a good natured bunch.

Little Falls sportsmen fattened their pocketbooks on the first game. All Brainerd money was snapped up in short order and there was considerable Little Falls coin that could find no takers.

One incident at the park which should not be allowed was the breaking of pop bottles on the ground and especially near the gates. This practice is dangerous to pedestrians and damaging to auto tires.

A charge of 50 cents per ticket was made Sunday on account of the double header. This would have been satisfactory to everyone if it had been announced a day or two previous to the games, but the springing of the change in the price of admission at the last minute caused considerable dissatisfaction among the fans. Many who went to the park, refused to pay the admission and returned to town. It is said that the Brainerd management insisted on this charge being made, instead of making a charge for each separate game of 25 cents per ticket.

In the two games Little Falls totaled 11 scores to Brainerd's 4.

The fans were ready to hand it to Bush. He certainly pitched a fine game and was far superior to the Red Wing twirler imported by the Brainerd fans for the first contest—Little Falls Transcript.

Uncut Books.

"Uncuts," said the book dealer, "are books with uncut edges. They originated in Scotland. In Scotland, in the past, a man would enter your shop to-day, read a chapter of some book or other and saunter out without buying anything. Tomorrow he would read another chapter gratis, and by the end of the month he would have finished the volume and be well into another. "Hence the Scottish publishers and booksellers hit on the uncut, which you can't read without buying."—Buffalo Express.

BALL GAME TODAY

Brainerd Plays Little Falls at 5:30 This Afternoon at the Koering Grounds

The game with Little Falls has been set for 5:30 this afternoon at the Koering grounds and a large attendance is anticipated. It is not known who will pitch for Brainerd, although some believe that Alderman will pitch the game today and Leslie Bush the game tomorrow.

On Wednesday the Elks of Brainerd will play the Elks of St. Cloud at 3 P. M. at the same grounds. No admission fee will be charged.

At 5:30 Brainerd and Little Falls will clash again and this game will certainly be interesting.

ELKS LINE-UP

Roster of the Local Antlered Brethren Who Will Play St. Cloud

The line-up of the local Elks who will play the St. Cloud Elks here tomorrow is:

Catcher—S. Engbretson.

Pitcher—Ed. Rogers.

2nd base—T. H. Considine.

Short stop—Fred Sanborn.

3rd base—Ed. Murphy.

Left field—Earl Weltzel.

Center field—E. H. Krelwitz.

Right field—R. Delury.

First base—Bud Roderick.

Tom Sanborn and Will Cleary will officiate as umpires. Fred Parker will be bat boy. Any kicks about umpires decisions will be referred to Judge W. S. McClenahan.

Utility men are Aldermen James Elder and Dr. J. L. Camp. The first ball will be pitched by Mayor Dunn.

Dr. Thabes is in charge of the hospital squad.

For marking up the scores C. H. Rattinger has been appointed for Brainerd. St. Cloud will not need any.

TO MAKE ITASCA TOUR

St. Paul Automobile Club to Leave Cities Aug. 28—May Visit Brainerd on Return Trip

While no entries have been received or solicited for the tour to Itasca park and Bemidji, which will be held for four days, beginning Monday, August 28, by the Automobile Club of St. Paul, enough of the members have expressed a desire to go on the trip which will insure its success, provided they keep their word.

Willis Drummond, chairman of the touring committee which has charge of the tour, has been in St. Louis for the past week and is expected home in a day or two. Upon his arrival he will immediately proceed to invite members to send in their entries.

Mr. Drummond has by no means allowed the matter to rest, but has continued to make arrangements for the entertainment of the tourists, who are expected to number from 40 to 60. Ten or fifteen machines are expected.

Just before Mr. Drummond left the city he received an invitation from organizations in Akeley and Brainerd inviting the tourists to return through those places. They offered the services of a pilot car, and assured Mr. Drummond that the roads were good and that they would provide a good time. The road follows the International railway and is said to be in better shape than the out-bound route. It is possible that the itinerary of the tour will be changed so as to take in these towns.

"In all the Northwest there is no spot more picturesque or more beautiful than Itasca lake, around which the state has established a public playground," says Mr. Drummond.

"Lake Itasca is the headwaters of the Mississippi river, and on the south bank of the east arm the state has constructed a very beautiful log building, and some log cottages, where guests are entertained.

"Massive, primitive pine, over 300 small lakes, beaver dams, trout brooks and other interesting features appeal to the tourist, and thousands go there annually to see and pay homage to the source of the mightiest of rivers."

Thirty Years Together

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guess work in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequaled for lagrippe, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c \$1. Trial bottle free. Guaranteed by all druggists. tfs

Long Prairie Wins Two

Long Prairie defeated the fast Alexandria team by a score of 2 to 1. McGaren and Anderson were the battery for Alexandria; Leese and Zalusky for Long Prairie.

Long Prairie defeated Alexandria in the second game following by the score of 2 to 0. Not a man got past first base. Leese and Zalusky were the battery for Long Prairie and Breener and Anderson for Alexandria.

"MICHAEL'S"

Of Course

VISITING NURSE TO BE HERE SEPT. 1st.

Miss Bohlke, of Minneapolis, After Some Correspondence, Has Been Selected for That Position

IS A SPECIAL TRAINED NURSE

\$542 Was Raised Tag Day and Musical Club Also Helped to Establish the Institution

It will be good news to those interested to learn that Brainerd at last really has a visiting nurse and that what once seemed only a dream, has become a reality. A little resume of how this has been accomplished even under difficulties, may not be uninteresting. More than a year ago the matter was taken up by the health committee and the feasibility of securing money for a nurse discussed.

Both the county commissioners and the mayor were appealed to and although favorable to the project, neither seemed to think that at that time any financial assistance could be given. Various methods were suggested of raising funds and a small amount was collected by private subscription but not enough even to start with until Tag Day was given. The generous response by every one on tag day is well known—\$542 was raised on that day, which, with the small amount previously collected by the health committee and something from the sale of red cross stamps by the Musical club for that purpose, made a beginning possible.

A committee of three was selected, consisting of Drs. Batcheller and Beise and Mrs. A. D. Polk, to look up and select a nurse. Dr. Batcheller took the matter up with parties in both Minneapolis and St. Paul and after much correspondence and some disappointments has succeeded in securing Miss Bohlke, of Minneapolis, who will be here Sept. 1st. Miss Bohlke comes well recommended and beside being a regularly trained nurse, has taken a special training as a visiting nurse. It is hoped that she will receive a warm welcome and the assistance of all those interested in the unfortunate sick.

The last legislature passed a law permitting county commissioners to contribute money for a visiting nurse, and as tag day is to be made a permanent thing for that purpose it is thought financial difficulties will not stand in the way of keeping a nurse as long as needed.

CELEBRATES FIRST MASS

Rev. P. J. O'Mahoney Celebrates Mass At St. Francis Catholic Church—Many Visitors Present

Rev. P. J. O'Mahoney recently ordained to the priesthood by the Rt. Rev. Bishop Schinner, of Superior, celebrated his first mass at St. Francis church Sunday morning. Among those present were the Rev. Fr. Alcuin, O. S. B., president of St. John university, Collegeville, and the Rev. P. Cunningham, of Superior. Father Alcuin was assistant to the newly ordained priest and also preached the sermon and the mass.

Rev. J. J. O'Mahoney was deacon and Father Cunningham acted as sub-deacon.

Mother Alexia Superioress of the Benedictine Sisters in the diocese of Duluth, was present and Sister Brigetta, O. S. B., cousin of the newly ordained priest.

After the ceremonies dinner was served at the parish residence. Several members of the parish were present. Father O'Mahoney leaves for Superior Saturday to which diocese he belongs.

Catarrh Cannot be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.

MAKI SUICIDE RUMOR

Erick Maki, The Murderer of Earl Riley, Said to Have Suicided by Drowning

A rumor being circulated in Southeast Brainerd among the Finnish and other residents for which really no sufficient verification can be found persists in the assertion that Erick Maki, the slayer of Earl Riley, has committed suicide.

Maki was sentenced to hard labor for life and it is said that he refused to work. He was set at pumping and when the opportunity presented itself he leaped into the tank and drowned himself.

Such a course would not be extraordinary for a man of his traits. The rumor, however, cannot be absolutely verified here and the authorities have been written about it.

To the Patrons of the H. H. Baker Meat Market

We, the undersigned successors to Mr. Baker earnestly request your continued patronage, and shall endeavor to serve you to the best of our ability with good meats, kept in clean, sanitary condition.

Respectfully,

G. S. McCULLOCH & SONS,

Phone 65. 62tf

N. V. R. HUNTER DEAD

County Treasurer of Redwood County Dies of Bright's Disease at Kenney's Farm, Borden Lake

N. V. R. Hunter, county treasurer of Redwood county and a resident of Redwood Falls, passed away Monday morning at the farm of F. E. Kenney on Borden lake where he was visiting a short time. Bright's disease was the cause of his death. The body will probably be shipped today to his old home.

A King Who Left Home

Set the world talking, but Paul Mathulka, of Buffalo, N. Y., says he always keeps at home the King of all laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at all druggists. 1ts

Marriage Licenses

August 18, 1911—Wm. F. Jordan to Mary L. Hoerner.

Aug. 19, 1911—Harry Fleming to Augusta Kautz.

Aug. 22, 1911—Jeremiah McCarthy to Katie Rassena.

MUSIC AND DRAMA

William Yule and his company made a most favorable impression in their initial performance of "The Rivals" in this city. The actors were well fitted for their roles and the scenery and costumes were superb and in keeping with the time and place of Richard Brinsley Sheridan's famous comedy.

William Yule was especially good as the bluff, scheming "Bob Acres," who kills his man a week and who avoids hostilities in the duel. Mr. Yule is the actor-manager of this company of C. P. Walker, Winnipeg and the company rehearsed three weeks in Brainerd under his direction.

Among the other actors who pleased the audience by their faithful rendition of the lines of this classic of English literature were Violet Eddy as "Lydia Languish," Clara LaMar as "Mrs. Malaprop," Henley Edwards as "Sir Anthony Absolute," C. F. Clayton as "Sir Lucius O'Trigger," Randall McAlister as "Capt. Absolute," Elsie Wenger as "Lucy," Walter Hutchins as "Fag," Jaspenn Fennell as "David," and A. William Goetz as "Faulkland."

The audience was generous in its applause. A fuse burned out at almost the close of the play but the audience remained in its seat and waited five minutes in the darkness until the light came back. Mrs. Malaprop just at the time mentioned something about a "dark mystery" and when the light was again turned on her lines very appropriately had a reference to "the illuminating situation" apparent to all.

Mr. C. P. Walker has spared no money or other expense in the production of the play and merits a generous success and his Brainerd friends hope he will be well rewarded for his efforts.

Biggest Range Horse Sale on Earth

The Next Big Sale Will Be—gin Sept. 11th

Accused of Stealing

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from the boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25c at all druggists. 1ts

PRIZE SILVER CUP.

To be given for the best display of corn at the Minnesota State Fair, Sept. 4-9

MYSTERY CHAMBERS.

Famous Locked Rooms in Some of the Old British Castles.

Perhaps the most famous locked room in the world is at Glamis castle the old home of the earls of Strathmore. In this rambling pile there is supposed to be a secret chamber, access to which is known only to the Earl of Strathmore, the heir apparent and the factor. The mysterious chamber is supposed to have been, centuries ago, the repository of a grim family scandal, the nature of which could only be whispered even in those wild days.

There is in Poulton Old Hall a mysterious locked room which has never been opened except by a representative of the Green family. The hall and its lands have sometimes been let, but the Green family have always retained possession of this mysterious room, which is supposed to contain several relics and other family treasures. It is said that the last tenant, a prominent Mersey shipowner, would have given them an increased rent for it if he could have cleared away the mysterious contents, but the owners refused to give up possession, and so the tenant left.

There is a very similar tradition at Nether Hall, the Cumberland seat of the Senhouse family. Here, as at Glamis castle, the position of the secret chamber is known only to the heir-at-law and the family solicitor. The room, it is understood, has no window and up till now has not been located by any one not in possession of the key to the mystery.

A tragic interest attaches to the ruins of Minster Lovel house, in Oxfordshire. While it was tenanted by a farmer a concealed vault was discovered, and in it was the perfect skeleton of Lord Lovel, seated at a table on which was lying an open prayer book. There were some jars and barrels which had contained food, sufficient, no doubt, to last some weeks; but, the mansion having fallen into the hands of King Henry VII., the prisoner was unable to regain his liberty. The discovery cleared up a mystery which had surrounded his fate for nearly two centuries.—Pearson's Weekly.

LIVES ON 26 CENTS A WEEK.

Athlete Offers to Show Editor How He Keeps Down His Bills.

To prove a man can live comfortably and be healthy, happy and strong on 26 cents a week for food, George H. Ward, seventy-three years old, a long distance walker, has invited the doubting editor of a Connecticut newspaper to be his guest for one week. Mr. Ward said that in three years he has eaten only cereals, potato chips, crackers and peanut butter. His budget last week:

Oatmeal	12c
Crackers	4c
Peanut butter	4c
Flour	2c
Tea	2c
Total	26c

Mr. Ward is hale and hearty. The ruddy glow of youth is in his cheeks. His step is elastic and all his faculties are unimpaired. A year ago he walked from Middletown, Conn., to New York city and back in fifty-seven hours, eating only a half pound of peanut butter and a half pound of crackers on the journey.

Mr. Ward says if the editor accepts his invitation to board with him a week he will make a new man of him in the seven days and pay the 26 cents himself.

A walk of four miles before breakfast every morning is part of Mr. Ward's program. He drinks only tea and water.

SCORNS CLOTHES.

Monosyllabic Marvel Has Gone Nude For Sixty-one Years.

A strange man named John Castellow has grown to be sixty-one years of age, hale, hearty and happy, without ever wearing a stitch of clothing and without ever using a single word but the monosyllable "Gee."

He lives four miles east of Windsor, in Bertie county, N. C., and his health is perfect, not having missed a meal in fifty years. His body is normal and well shaped, but his strength is prodigious. He can break a double plow line as easily as if it were a cotton cord. He is gentle and has never been known to hurt a living soul intentionally. He cannot speak a word except the one monosyllable "Gee," which he uses in various intonations to express all his desires and emotions.

A Contractor.

"What does your father do?" asked the teacher of the new boy. "He's a contractor," was the reply. "A railway contractor?" "No, ma'am—a sausage contractor. He ties up the ends after another man has filled them."

NONE GENUINE WITHOUT THIS SIGNATURE

W. K. Kellogg

"I Love my Jam—But O You Kellogg's"

The healthy appetites of the boys and girls are always charmed by this greatest of all breakfast foods

The secret is in its freshness, crispness and the unrivalled flavor which others have endeavored in vain to imitate.

The Solar Plexus.
The Scriptural expression "bowels of compassion" is justified by the discoveries of modern science. Whenever anything affects our nerves we feel it more or less in our "innards." It is the solar plexus which is concerned in such emotionalism. Of course in itself it cannot feel, but it sends messages to the brain, which interprets them as coming from there. The solar plexus is a mass of nerves and nerve structures in the abdomen at the back of the stomach.—New York Tribune.

Love Philters.
A favorite plant with the old herbalist was satyrion, a name applied to several species of orchids. As far back as the days of the Roman empire it was commonly supposed that the roots of the satyrion supplied the satyrs with food and prompted them to commit those excesses for which they became proverbial. Kircher relates the case of a youth who, whenever he visited a certain corner of his garden, became so love-sick that he mentioned this strange circumstance to a friend. On examining the spot it was found to be overgrown with a species of satyrion, the odor of which alone had the effect of inspiring love.—Chambers' Journal.

Hoist With His Own Petard.
Matthew Hopkins, witch finder, was himself tried by his own tests and put to death as a wizard.
